

April is

Oral Cancer Awareness Month

Early detection may save your life!

Know the Facts:

- Oral cancer strikes over 40,000 Americans annually
- Smoking, using chewing tobacco and heavy drinking are prime risk factors
- Over 25% of adults diagnosed don't smoke or drink heavily
- Regular visits to your dentist help lead to early diagnosis and treatment

Symptoms Include:

- A sore throat that doesn't heal
- A lump, or a white or red patch on the inside of the mouth
- Tongue pain, jaw pain or stiffness
- Difficult or painful chewing
